

Chemicals Management - REACH Conference 2024 Bratislava 15.-16.10.2024

Introduction

Ekotox Centers together with partners and representatives of Cefic, Eurometaux and other colleagues and partners from European industry, authorities and NGOs are delighted to announce the REACH Conference Bratislava 2024 which will focus on state-of-the-art and new legislative requirements and its potential impact on companies and countries thereby covering the following topics:

- SESSION 1** EU Chemicals Legislation – as of today
- SESSION 2** The transition towards new requirements for chemicals and products
- SESSION 3** Chemicals Management beyond REACH
- SESSION 4** Chemicals – Knowledge base, Rights to know, Enforcement

Background

REACH Conference is organized for the 14th time combining lecturers and participants from different sectors of industry, authorities, academia, NGOs and other stakeholders. From 2019 to 2023, due to COVID, the conference was not taking place. Now we are back in Bratislava!

We are happy to be able to put together top speakers from chemicals management area again and to facilitate discussions on the topics which will have an impact on assessment and management of chemicals for at least a decade to come.

So the REACH Conference 2024 is to discuss the present and future aspects of the European “chemicals +” legislation.

Language of the Conference 2024 is English.

Chemicals management—REACH Conference 2024 is a hybrid one.

Participation is possible in-person or online.

So now it is time to meet again!
